South Australian Overview

SACOME

**All figures represent the mining and petroleum sectors in South Australia
Source: South Australian Resources Information Gateway (SARIG) 2018*

Strategy

Policy Priorities

1

State Economic Development

Ensuring a pipeline of discoveries and projects to support a sustainable and profitable resources industry, contributing to the SA economy

2

Energy

Energy reform requires a balanced approach to provide a secure, reliable and affordable energy for all, with greater access to oil and gas

3

Infrastructure

Addressing bottlenecks to 'open up' the north and west of the State to boost productivity throughout the South Australian economy

4

Legislation & Regulation

Influence the development of efficient, effective and transparent regulation of the resources industry to promote investment

State Economic Development Priorities

SACOME

State Economic Development	SACOME Election Priority	SA LABOR	SA LIBERAL	SA BEST
	Reject all moratoria on resources exploration and development in South Australia	✓	✗	✗
	Increase economic development opportunities for the state through improved Woomera Prohibited Areas (WPA) access arrangements.	✓	✓	✓
	Return of PACE funding to \$4 million per annum to industry, plus administration costs, with grant funding for 75% of total project costs; capped at \$300,000.	?	?	?

Infrastructure Priorities

SACOME

Infrastructure

SACOME Election Priority	SA LABOR	SA LIBERAL	SA BEST
Duplication of the Joy Baluch Bridge.	✓	✓	✓
Development of a deep-water cape class port.	✓	✓	✓
Facilitate the development of electricity transmission infrastructure to enable South Australian resources projects.	✓	✓	✓

Energy Priorities

Energy

SACOME Election Priority

SA
LABOR

SA
LIBERAL

SA
BEST

Support development of conventional and unconventional gas projects in South Australia.

Support nationally cohesive energy policy that facilitates the supply of affordable, secure and reliable energy.

Support continued investment in electricity storage options that will improve the reliability and operation of variable renewable energy generation and supply of electricity in SA.

Legislation & Regulation Priorities

Legislation & Regulation

SA
LABOR

SA
LIBERAL

SA
BEST

Reintroduction of the *Leading Practice in Mining Bill* into the Upper House following the 2018 State Election.

Enable land access opportunities for the resources sector while balancing native title, compensation, environmental and heritage issues.

Support the completion of Environmental Protection and Biodiversity Conservation (EPBC) Act bilateral agreements between the South Australian and Commonwealth Governments to streamline environmental approvals under the EPBC Act.

Joy Baluch Bridge Duplication

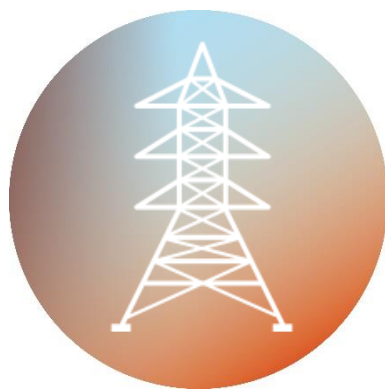

- Strategically important infrastructure corridor
- Port Augusta is also at the hub of South Australia's mineral-rich far north and western regions
- creates economic efficiencies for the resources, agricultural and freight sectors
- \$200m funding commitment – State & Commonwealth

SACOME

To ensure SACOME's brand maintained pace with this strategic re-positioning, a **brand refresh** was undertaken to better represent the membership environment that we service.

The New Year welcomed our new **website**; created with the consumer in mind, it comprises high level information on SACOME, SA Resources Sector, membership and sponsorship opportunities, events, media and policy.

SACOME transitioned its **communications** to strategically align with sector specific topics, driven by member feedback.

Front & Centre: Monthly eNews letter summarising SACOME submissions, events, news, media and industry updates

SACOMember News: Monthly summary of ASX announcements, providing an overview of price sensitive market activity across our members.

SACOMedia: Media Releases

SACOMEversations: Event invitations

SACOMeAlert: Important sector announcements

SACOME Vantage: Publication of opinion pieces
