## **SACOME STEM Digital Technologies Program**

**Student Registering with Grok  
Academy**

**User Guide**

Prior to students registering, make sure you have created a teacher account and been verified by Grok Academy.

To access the online Challenges of Automation 1, 2 and 3 students will require their school email address and password. The password is the one used for their school device.

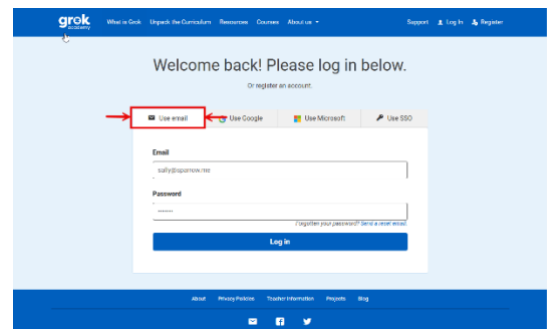

## Contents

1. [Registering a Student Account](#)
2. [Students adding the SACOME Challenges to their Account](#)
3. [Accessing the SACOME Automation Challenges](#)

## Steps

### 1. Registering a Student Account

- Students enter the following URL - <https://groklearning.com/login/>
- Select the 'Email' icon
- Enter school email address and password (do not use school password and ask teacher best password to create)
- Click *Sign in*

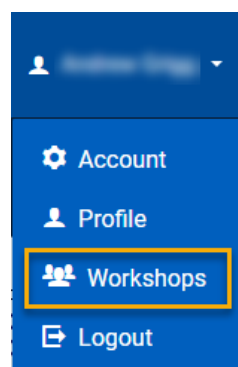

### 2. Students Adding the SACOME Challenges to their Account

Once the account has been verified the 3 Automation Challenges need to be added to your Grok Academy account

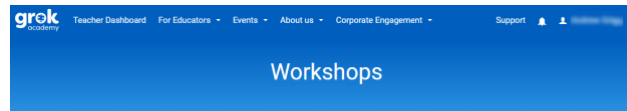

- Log into *Grok Academy*
- In the top-right corner click on the down arrow next to your name

- Select *Workshops*.

- In the field (box) below the heading *Welcome* enter **sacome-auto-ps** for primary schools **or sacome-auto-hs** for secondary schools (with no spaces and include the dashes)
- Click on *Next*

A screenshot of a 'Welcome' form. It has a grey header with the word 'Welcome'. Below it, a small instruction reads: 'If you are at a workshop and have a workshop code, enter it here:'. A text input field contains the text 'Sacome-auto-ps'. Below the input field is a blue button labeled 'Next'.

- Enter your school's name under *Institution*, as you type the name of your school the search box will try and find the exact match. Once matched, select your school and click on *Start Workshop* and *Data Science (Full Series)* will appear
- Click on *Start Workshop* and *SA Automation (Introduction)* will appear

A screenshot of the 'Workshops' page. It has a blue header with 'Workshops' in white. Below is a grey 'Welcome' section. Under 'Workshop', it lists 'Data Science (Full Series)'. A prompt says 'Please confirm your institution:'. A text input field contains 'South Australia Chamb'. A dropdown menu is open, showing 'South Australian Chamber of Mines and Energy - Adelaide, South Australia, Australia'. A blue 'Start Workshop' button is at the bottom.

A screenshot of the 'Workshops' page. It has a blue header with 'Workshops' in white. Below is a grey 'Welcome' section. Under 'Workshop', it lists 'SA Automation (Introduction)'. A prompt says 'If you are at a workshop and have a workshop code, enter it here:'. A text input field is empty. A blue 'Next' button is at the bottom.

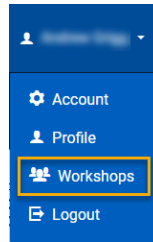

### 3. Accessing the SACOME Automation Challenges

Once Challenges have been added to your account, use the following method to access Automation 1, 2 and 3.

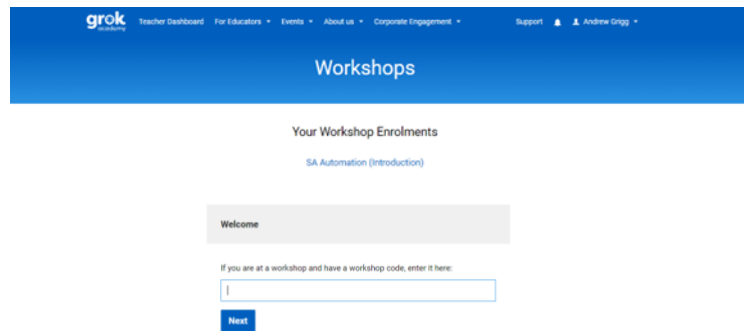

- Log into *Grok Academy*
- In the top-right corner click on the down arrow next to your name

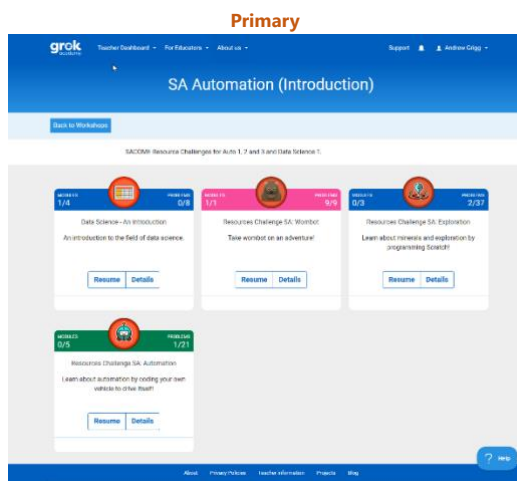

- Select *Workshops*.

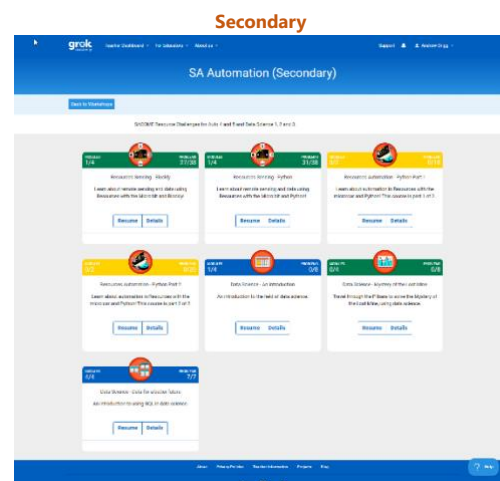

- Click on the link *SA Automation (Introduction)* or *SA Automation (Secondary)*

- This will give access to the primary and secondary content

**Data Science 1, Automation 1, 2 and 3**

**Automation 4A, 4B, 5A and 5B, Data Science 1, 2 and 3.**

- Click on *Start* or *Resume* to continue with an Automation
