

Using your Flat Wombot

1. Cut out the Wombots (laminated Wombots can be reused)
2. Draw an arrow from the list of choices in each box (maximum 15 steps)
3. Push the Wombot along the floor or on the mat or maze to follow the arrow instructions

Each forward or backward movement should be the length of the Wombot. Each turn should be a 90 degree turn on the spot.
